

VACUUM RELIEF VALVES

Vacuum Regulator

- Low cost vacuum regulator
- Adjustable setting
- Prevents cavitation on liquid ring pumps
- Made in all 316 Stainless steel
- Each valve individually tested#

VACUUM RELIEF VALVES

SIZE NPT	PART NO.	Material	FLOW SCFM	PRICE
3/8" (NPTM)	VRV38-SST	316 SST	30-35	\$135
3/4" (NPTF)	VRV34-SST	316 SST	50-59	\$235
1" (NPTF)	VRV100-SST	316 SST	82-98	\$285
2" (NPTF)	VRV200-SST	316 SST	393-453	CALL

All valve flows provided in scfm. When sizing the required valve for a particular application, convert scfm to acfm (P1/P2) to match the valve to the vacuum pump performance at the target operating pressure.
